

Acarix receives order from the first freestanding Emergency Room in the US

Acarix, a leader in advanced acoustic-based cardiac diagnostics, announces the CADScor System has been added to the diagnostic tools available at Tucson ER & Hospital. Tucson ER & Hospital offers advanced emergency and hospital care to the Tucson, Arizona, community through a team of experienced emergency room physicians, skilled ER nurses, and medical technicians.

Tucson ER & Hospital is a part of Nutex Health (NASDAQ: NUTX), bringing communities accessible, concierge-level care they can trust. Nutex Health is a healthcare management and operations company with two divisions: a Hospital Division and a Population Health Management Division. The Hospital Division owns, develops, and operates innovative healthcare models, including micro-hospitals, specialty hospitals, and hospital outpatient departments (HOPDs). This division owns and operates 20 facilities in 8 States.

"We are thrilled to announce the integration of the CADScor System within a state-of-the-art facility like Tucson ER & Hospital," commented Acarix President & CEO Aamir Mahmood. "Speed and accuracy are two of the most important considerations when it comes to patient care in the Emergency Department, and we are proud to offer the CADScor System as a tool to help physicians quickly make informed clinical decisions for their patients at point of care."

About Acarix

Acarix is a Swedish medical device company that innovates solutions for rapid rule out of coronary artery disease (CAD) at point of care. The CE-approved and FDA DeNovo-cleared Acarix CADScor System is intended for patients experiencing chest pain with suspected CAD and designed to help reduce millions of unnecessary, invasive, and costly diagnostic procedures. The CADScor System has been used on more than 29,000 patients. Acarix recommends CADScor System as a first-line diagnostic aid that uses highly sensitive acoustics and advanced computational processing to analyze coronary blood flow to rule out significant coronary artery disease (CAD), with at least 96% certainty at point of care. Acarix is listed on the Nasdaq First North Premier Growth Market in Stockholm (ticker: ACARIX). Carnegie Investment Bank is the Certified Advisor of Acarix.
